

Series 2500 90° Bay Window

Brighten any space with the Series 2500 90° Bay Window.

Structural Features

- Fully welded, rigid PVC vinyl frame for greater strength and stability.
- Vinyl frame will not chip, rot, or peel and will never need to be painted.
- Both vents and deadlites have a built-in weep system and external glazing.
- Exterior grade plywood head board, seat board and jamb are 1-1/4-inch for improved structural and thermal performance; support brackets are not needed.
- Clear 1-inch insulated glass is provided for all-weather protection.
- Snap-in covers for the head board and seat board provide aesthetic appeal and weather resistance.
- The projection of the window from the exterior wall face is a constant 17 inches.
- The window is shipped completely assembled for easy installation.
- Engineered for new construction and remodeling applications.
- Standard garden window jamb depths of 4-9/16, 5-1/4, 6-9/16, and 11 inches are available as well as custom jamb depths up to 31 inches to fit almost any application.

Operating Sash

- Locks and operators are mounted to the inside front area for easy access.
- Operators are sealed to prevent air and water infiltration.
- Twin sealing, fully screened, operating casements with external glazing for improved weather protection.
- The multi-point locking system provides a tighter seal and added security.

Colors and Options

- Head board, seat board and jamb are available in Birch, Oak and White or Tan high-pressure laminate.

- Standard frame colors are white and tan. Other colors are available by special order, including: Champagne or Cocoa exterior with a White interior and White exterior with a Light Oak laminate interior

- **Contact your sales representative for more special order color selections!**
- Glass options include high performance Low-E and v-groove, along with a variety of grid designs.
- **Highly recommended:** Insulation board with an "R" value of 5 can be installed under the seat board to increase the "R" value to 6.22. This 1-inch thick lightweight rigid material is 100 percent waterproof.

Please Note:

90° Bay Windows include only the basic unit as shown. Roof and other installation materials are not available from Ventana USA.

The color samples shown here are reproduced by mechanical process and may vary from actual colors of the product. Please contact your sales representative for samples before ordering.

The data mentioned in this document is current at the time of printing. Since publication, some changes may have occurred. Please check with your sales representative before purchasing.
